# UT FAN Questions

**Q:** How will game day traffic be affected this season?

**A:** The only impacts for the 2006 football season are the closure of Summit Hill Drive and the possible narrow lanes due to ongoing construction activities. Lane narrowing always has the potential to slow traffic. Leave earlier for the game and keep updated on the project.

**Q:** If I'm traveling from the west what is the best way for me to get to campus?

**A:** Use the routes you normally use until December 2006. After that, if you are coming from the west, you have three options: Take Alcoa Highway to Neyland Drive OR take the Henley Street tunnel into downtown OR use the new Hall of Fame Drive.

**Q:** Coming from the east, what is the best way to get to campus?

**A:** Use the routes you normally use until December 2006. After that, traveling from the east, take the new Hall of Fame Drive into downtown.

**Q:** If James White Parkway is closing in December 2006, how will I get to the downtown and campus areas?

**A:** The new Hall of Fame Drive will be open and will offer direct access into and out of the downtown area.

**Q:** Will there be any alternate modes of transportation, parking lots or shuttles I can use to make it easier to get to the game?

**A:** Knoxville Area Transit provides shuttles from Civic Coliseum, Farragut High School and the Old City District. Visit [www.katbus.com](http://www.katbus.com) for more information.
